

## INCOME TAX VOTE WILL COME LATER

Senators Agree To Lay Entire  
Matter Aside Until Tariff  
Schedules Are Finished.

## COMMITTEE HITS AT CANADA

Would Double Duty on Wood  
Pulp From Countries Prohib-  
iting Exportation of Logs.

WASHINGTON, June 19.—The Senate today covered a multitude of subjects in connection with the tariff bill, but made final disposition of nothing of importance.

Beginning at 10 o'clock the income and corporation tax questions received attention for some time, and ultimately were postponed with the understanding that they should not be taken up again until after the tariff provisions proper are finally settled.

## Slip at Canada.

Senator Aldrich, for the Committee of Finance, brought in the amendments to the wood pulp paragraph, which proved to be a provision for doubling the duty on wood pulp coming from countries which undertake to prohibit the exportation of logs to this country. Senator Beveridge presented an amendment for the cutting in two of the House ad valorem duty on cash registers. Mr. Aldrich also presented the Finance Committee's hide provision.

These measures were brought to the attention of the Senate at different times during the day, but so far as action was concerned were left at the close where they stood at the beginning.

The wood pulp amendment was recognized as an effort to retaliate upon Canada because of that country's refusal to permit the exportation of raw logs to the United States, and Senators generally desired an opportunity to study the subject before voting upon it. Senator Burton made objection to entering upon the final consideration of the cash register question without voting the National Cash Register Company, whose headquarters are in Ohio, with an opportunity to be heard.

The income tax question went over because of the difficulty of getting Republican Senators to consider it until the tariff subjects had been disposed of.

**Bailey Is Willing.**  
Mr. Bailey, who has held out for a vote in advance of the completion of the work on the schedules, at last conceded the postponement on the understanding that when the subject does come up a vote will be permitted on the direct question, and not forced on a motion to refer the subject to a committee.

The hide amendment failed of final consideration for lack of time. It was discussed at length and was still under immediate consideration when the Senate adjourned. The committee's amendment takes hides from the free list and imposes an ad valorem duty of 15 per cent., which is the Dingley law. Senator Lodge spoke for nearly three hours in opposition to the provision, and Senator Clapp briefly in the same line. There was not time for other speeches, but Senator Warren found opportunity during the day to make frequent remarks in the interest of the duty.

## COMPERS TO STUDY EUROPE'S PROBLEM

Big Demonstration Marks Departure of Labor Leader, Who Sees Success Ahead.

[Special to The Times-Dispatch.]

NEW YORK, June 19.—Samuel Gompers, president of the American Federation of Labor, who sailed for Europe on the White Star liner Baltic to-day, expressed the highest hopes for the success of his mission to better the condition of workmen here and abroad by his mission. More than 1,000 persons, officers of labor organizations and personal friends, were at the pier to see him off.

"I go to Europe with a heart filled with gratitude toward the whole American people, not only toward the laboring people, who have stood by me and the cause, but toward others who have expressed their good wishes."

**Europe's Working Problem.**

"Many persons outside the ranks of labor have sent their best wishes to myself and Mr. Mitchell and Mr. Morrison in the content cases, and we all feel keenly the interest that is taken in us—not for ourselves, but for what we represent."

"I go to Europe to look into the working problem there. They are behind us in many ways and ahead of us in others. I want to see how they are working out their destiny as they are in this country, and I hope to bring back much that is of value. I hope to learn many lessons, and perhaps to carry a message across the seas that may do good."

"This demonstration and the many messages I have received lead me to believe that the cause of labor is being better understood by all the people in this country, including those who don't have to labor with their hands."

"The successful tour of the American Federation of Labor was in session to-day when Mr. Gompers left his hotel, and he had a brief farewell session with the members."

By frugal living she said she had saved up a little money, and would invest some of it while in London in a couple of yearlings and race them on the other side and in this country.

## A Crimean Veteran

Mr. Fred W. Bennett, of West Carthage, N. Y., who is 70 years old, active and vigorous, a veteran of both the Crimean War and the War of the Rebellion, and who has travelled through many countries in South Europe, was cured of heart trouble by Duffy's Pure Malt Whiskey, after doctors and other so-called remedies failed. Mr. Bennett says that as a medicine Duffy's Pure Malt Whiskey beats all for purity and quality.

MR. FRED W. BENNETT, 70 years old.

Mr. Bennett writes: "I thought I would write and give you my opinion of Duffy's Pure Malt Whiskey. I have used liquor for the past 50 years, but not to excess. When in the English army, during the Crimean war, we were allowed three gills per day, and I know it was the means of saving thousands of men's lives during the winter of 1854-5. I came to this country in 1857 and went to work on a farm until 1863. Up till this time I had never seen a sick day, but after serving through the War of the Rebellion I had not been free from heart trouble.

"I have had a great many different doctors, but all to no purpose. Then I commenced using the different brands of whiskey from which I received little or no benefit. When I read of your Duffy's Pure Malt Whiskey I commenced using it, about ten years ago. I don't have any more heart trouble, and for a man 70 years old I feel quite active. I think if people would use Duffy's Pure Malt Whiskey, take less drugs and medicine they would be greatly benefitted, enjoy better health and would save money that is paid for doctoring. I have stated the plain facts in my own case and shall be glad to know that others are benefitted by using your Pure Malt Whiskey."

**Duffy's Pure Malt Whiskey**

as a tonic stimulant is one of the greatest strength-givers known to science. It aids in destroying disease germs, and by building and healing properties assists in restoring tissues in a gradual, healthy, natural manner. It is a wonderful remedy in the treatment and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, malaria, low fevers, stomach troubles and all wasting, weakened, diseased conditions, if taken in time.

**CAUTION.**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine.
